## LETTER OF TRANSMITTAL.

---

Honorable Joseph M. Dixon,  
Governor of the State of Montana,  
Helena, Montana.

Dear Sir:

I hand you herewith report of the Livestock Commission  
for the period from January 1, 1921, to January 1, 1922.

Respectfully submitted,

E. A. PHILLIPS, Secretary.

## ANNUAL REPORT OF THE MONTANA LIVESTOCK COMMISSION.

The Livestock Commission held four meetings in the office at Helena in 1921, during the course of which, in addition to the handling and disposing of all regular and routine business, claims for advertised estrays were considered and passed upon. All claims against the Langhorne House Account were investigated and ordered paid.

At the hearing on livestock rates, held at Chicago in June, before a representative of the Interstate Commerce Commission, the Livestock Commission was represented by Mr. J. H. Burke, whose testimony presented from the viewpoint of the western shipper, included valuable facts and figures that were no doubt instrumental in gaining the favorable decision announced. A reduction of approximately 20% on livestock rates was announced by the roads to be effective from September 26th, until January 1st. Shortly before the expiration of the time limit the period of effectiveness was extended to June 30th. The Livestock Commission desires to express its appreciation of the help given in this case by the Montana Railroad Commission, whose Attorney was also in attendance at the hearing and to the Department of Agriculture for statistics and figures furnished.

The Interstate Commerce Commission held a hearing in Helena on August 19th, at which time objections to the present rates on wool consigned to eastern points were heard. At this time no decision of this case had been announced.

The new law authorizing the Livestock Commission to receive from the railroads, pay for all stock, of unknown ownership, killed by trains, is operating satisfactorily. During the year 1921, the Commission was paid for fifty-nine head of cattle and horses, descriptions of which, with those of all other stock held, will be advertised in the annual advertised estray list.

The Seventeenth Legislative Assembly of 1921, passed a law requiring owners of all brands recorded prior to January 1st, 1921, to rerecord such brands during the year 1921. The fee set for making the new record was twenty-five cents (25c) for each brand. The work required to carry out the provisions of this act was great, and the expense of administering it was heavy. Owing to the rush of applications during the month of December, the office force was unable to handle them as fast as they were received, so that on January 1st there were fifteen thousand

such applications on hand. It is estimated that forty-five thousand brands will have been rerecorded when this work is completed. The brand records will then be up to date and at the same time, there will be available for new record, a great number of good brands that were released through failure to rerecord. This will be a very satisfactory condition, both to this office and to applicants for new brands, for desirable new brands have not been available for several years. The fees received will just about pay the expense of the operation.

The Commission has in mind some new legislation and some changes in present laws that it is hoped will have favorable consideration by the next assembly. This subject will be dealt with more fully in the 1922 report.

The cost of operating the Livestock Commission for 1921 was \$74,084.15. This figure is approximately twelve thousand dollars (\$12,000) less than was spent in 1920 and had it not been for the rerecord law which has cost to date \$5,771.44, this amount would also have been deducted from the total operating cost. However, it should be remembered that the rerecord law will pay its own way.

In 1921, a total of 3,943 new brands were recorded. The fees charged for making the records were \$7,886.00, which amount has been deposited with the State Treasurer for the credit of the Livestock Commission fund.

Month	Number Brands Recorded	Receipts
January .....	204	\$ ' 408.00
February .....	163	326.00
March .....	170	340.00
April .....	369	738.00
May .....	398	796.00
June .....	423	846.00
July .....	352	704.00
August .....	277	554.00
September .....	302	604.00
October .....	414	828.00
November .....	361	722.00
December .....	510	1,020.00
Totals .....	3,943	\$7,886.00

During the year 1921, Montana exported 147,413 cattle. Out of this total 109,465 head were marketed at eastern points where the Commission maintains Brand Inspectors. The balance, 37,948 head, were shipped principally to western market points. The following figures indicate the number of Montana cattle sold at the principal eastern markets during the year 1921.

Market	Number
Chicago .....	69,415
Omaha .....	27,916
St. Paul .....	10,408
Sioux City .....	614
St. Joseph .....	1,112
Total .....	109,465

The table found below gives information as to the total number of cattle shipped out of Montana for the years from 1885 to 1921:

Year	Output	Year	Output	Year	Output
1885.....	79,089	1897.....	252,162	1909.....	255,178
1886.....	119,620	1898.....	232,225	1910.....	243,662
1887.....	82,134	1899.....	203,499	1911.....	205,873
1888.....	167,602	1900.....	160,055	1912.....	188,675
1889.....	123,880	1901.....	151,986	1913.....	172,299
1890.....	174,035	1902.....	230,000	1914.....	158,623
1891.....	250,000	1903.....	210,573	1915.....	173,936
1892.....	203,000	1904.....	288,775	1916.....	227,828
1893.....	279,158	1905.....	267,966	1917.....	333,056
1894.....	302,655	1906.....	276,722	1918.....	406,415
1895.....	206,460	1907.....	214,642	1919.....	641,337
1896.....	254,864	1908.....	241,320	1920.....	211,242
				1921.....	147,413

The figures presented here indicate the total amount of money and the number of head of cattle and horses handled through this office during the past year:

Total amount received by the Commission from the sale of strays during the year 1920.....		\$93,863.08
Total amount of 1921 stray claims adjusted during the year .....	\$80,094.44	
Total amount stray claims pending settlement, December 31, 1921 .....	13,768.64	
	\$93,863.08	\$93,863.08
Total number strays, the proceeds of which were sent to the Commission during the year.....		2,174
Total number of head, claims for which have been adjusted during the year .....	1,808	
Total number head, claims pending settlement, December 31, 1921 .....	366	
	2,174	2,174

The following tables, pertaining to assessed livestock valuation will be found of interest and were compiled by the Board of Equalization. As explained in the Commission report for the year 1919, the great increase shown in the valuation for 1919 over 1918 is due to a change in the method of figuring taxation. In 1919 all property was assessed at its true value and the basis for the imposition of the tax was some certain percentage of that value. In the case of livestock this basis was 33 1-3%. If the method used in 1918 had been continued in 1921, the valuation for 1921 would have been \$25,472,489.00.

Assessed Valuation of Livestock		
Year		Value
1915	Total .....	\$ 46,235,493.00
1916	" .....	52,384,484.00
1917	" .....	65,585,652.00
1918	" .....	75,000,516.00
1919	" .....	157,501,960.00
1920	" .....	108,841,802.00
1921	" .....	76,417,469.00

The livestock census of Montana for 1921, as shown by the assessment lists, is found in the following tables:

	1920	1921		
	No. Head	No. Head	Gain	Loss

\*Inspector Erwin recovered 240 sheep.  
 \*\*Inspector Herford recovered 10 sheep.

## Stock Inspectors.

During the year just ended, Stock Inspectors travelled 75,127 miles on railroads, 56,852 miles in automobiles, 8,286 miles on horseback and 366 miles in horse drawn vehicles and on foot, in the discharge of their duties and inspected 83,527 head of cattle and 10,565 head of horses. In addition to this, 1,151 Butcher Reports were examined, and 837 Bounty claims checked. The Inspectors have, in a number of instances, adjusted the disputed ownership of stock satisfactorily and made investigations in minor infractions, done either from lack of knowledge of the law, or a misunderstanding of its application. Together with checking up hundreds of licenses, public markets, and handling estrays.

## Arrests and Convictions.

A total of 210 arrests were made by Stock Inspectors during the past year for violations of the livestock laws. Of this number 104 were convicted, 36 cases were dismissed or acquitted and 70 cases are still awaiting trial, \$1,690.50 in fines were imposed in justice court cases.

## Losses and Recoveries.

During the year just ended, livestock to the approximate value of \$188,205.00 was reported stolen or missing. Of this amount livestock to the approximate value of \$49,844.00 was returned by stock inspectors to their rightful owners.

In one large theft of 157 head of cattle, all of them were recovered for the owner and the thief arrested, prosecuted and convicted.

In the list of large thefts committed at one time are enumerated:

- 30 head of cattle in Roosevelt county.
- 600 head of sheep in Beaverhead county.
- 157 head of cattle in Liberty county.
- 25 head of cattle in Gallatin county.
- 40 head of horses in Hill county.
- 16 head of cattle in Flathead county.
- 150 head of sheep in Valley county.
- 39 head of sheep in Lewis and Clark county.
- 17 head of horses in Gallatin county.

A total of 2,282 head of cattle, 2,103 head of horses and 1,214 head of sheep were reported stolen or missing.

## Extradition Proceeding.

During the past year there have been several cases wherein the "Rustlers" eluded arrest for the time being by going to Texas, Wyoming, South Dakota, Washington and

Canada. As a result of the efforts made in this direction, all fugitives were returned and prosecuted, or are awaiting trial.

One American citizen was returned to Canada, tried in the Canadian courts, convicted and received a sentence of eight years for stealing Canadian cattle.

## Bounties.

Claims filed and paid for bounty in 1921 greatly exceed those of either of the preceeding two years. The department has endeavored to ascertain the cause for the sharp increase, and it is the belief that it is a legitimate growth that can for the most part, be laid to the stringent times. In other words, people who heretofore have killed predatory animals and neglected to file claim for the bounty due, are now not overlooking this source of income. A very determined effort to detect the filing of fraudulent claims has been made without success. This department will continue its vigilance and with the application of new methods to be used in handling these claims, it will not be possible to work the bounty fund.

### Money Paid Out of Bounty Fund in 1921.

January .....	\$ 1,149.35
February .....	2,539.57
March .....	4,417.25
April .....	5,358.25
May .....	4,624.40
June .....	8,526.30
July .....	251.40
August .....	13,517.65
September .....	8,084.75
October .....	4,792.65
November .....	1,894.45
December .....	2,090.00
Total .....	\$57,246.22

It is customary to include legislative recommendations in the annual report, but since the 1922 report of this department will be published during the next legislature, this subject will not be touched upon at this time.
